

# STENCIL<sup>®</sup> PENDANT

Playful Modular Lighting System

Stencil<sup>®</sup>

# An evolution in design freedom

Inspired by the **Bauhaus**, Stencil combines today's most desirable lighting attributes: simplicity, functionality, repeatability, scalability and affordability.

With Stencil, small streamlined forms, powerful **SurroundLite<sup>®</sup>** illumination and unprecedented design flexibility come together in creative new ways.

Discover the **Art of Stenciling**, page 7.

Mini SurroundLite®

## The lighting power of a fixture four times its size

An exclusive Axis innovation, Mini SurroundLite delivers a wide 3D distribution and balanced brightness, providing added design freedom and enabling the use of fewer and more widely spaced Stencil® segments.

Also, patented Mini SurroundLite technology maintains lighting uniformity in a space when alternating between direct and indirect Stencil segments (using Hubs).

### Alternating direct and indirect segments

Stencil segments: 4'

Average light levels: 37.5 fc

Max/Min: 2.72

Power density: 0.505 W/ft<sup>2</sup>

Room dimensions: 31' x 80' x 10'

## Stencil® Accents

# Layers of light provide added visual interest

- ✓ 450 lm nominal (4253 cd at 20°)
- ✓ 3000K
- ✓ 359° rotation, 90° tilt
- ✓ Choice of 20° or 36° beam spreads
- ✓ Fully dimmable to 5% (integral 0-10V driver)
- ✓ Flexible accent spacing to meet specification requirements
- ✓ Compatible with Stencil indirect lighting segments and powered blank segments
- ✓ Can be located anywhere along the lighting segment

LIGHT  
YOUR  
WAY.

# The Art of Stenciling

Stencil® brings together **lighting segments** and connectors called **Hubs**, the **building blocks** for creating forms and patterns of all sizes. These lighting tools allow you to design highly original lighting layouts without the high-end price tag.

## The key to Stencil's lighting design flexibility

- ✓ Patented die-cast non-illuminated soft corner joiners
- ✓ Combination of mechanical, electrical and suspension functions
- ✓ Easy to install with single captive spring-loaded screw mechanism
- ✓ Ideal for branching off to bring light where you need it

## Spatial L Hubs

Use the Spatial L Hubs to create 3D light forms and rotate segments, adding a new dimension to the space.

## Series S

# Stencil® Segments

## **Combine segments and Hubs to build unique lighting forms**

- ✓ Up to 600 lm/ft (direct) and 1000 lm/ft (indirect)
- ✓ New direct batwing distribution available
- ✓ Available lengths: 2' to 8' in one-foot increments
- ✓ Up to 200' of continuous light from a single power drop

### **Blank Segments**

Use powered and non-powered blank segments (without lighting capabilities) to create a power bridge or maintain esthetic continuity. Available in any length up to 8'.

**Accent**

**Indirect  
or Blank**

# Stencil<sup>®</sup> Linear

Inline Hubs can be used to create non-continuous lines of light that alternate between direct and indirect lighting segments. Symmetry is maintained with a **Hub end cap**.

Create continuous lines of direct or indirect light with a **flat end cap**.

# The space is your playground

Imagine all you can do with Stencil®.  
Get inspired and discover Stencil in more detail.

## About Axis Lighting

Founded in 1991 and still family owned and managed, Axis is an important source for architectural lighting across North America and around the globe.

Over the last decade, the company has exhibited remarkable growth thanks to its commitment to Design Flexibility, Optimal Energy Efficiency and Responsive Customer Care. That leadership effort now extends to developing Innovative Lighting Technologies, such as SurroundLite®, on an ongoing basis.

On the strength of a broad and expanding product line, Axis has successfully completed lighting projects for high-profile clients including Apple, Chrysler, The Empire State Building, Google, Hyundai, Time Warner and McGill University, among many others.

Axis has the drive and the expertise to meet your needs and provide architectural lighting... your way.

We reserve the right to change specifications without notice.  
Please consult our website for the most current technical information  
and to locate your nearest Axis representative.
