Rated IP65 for use in wet locations and exterior applications, such as soffits, canopies and garages, Wet Beam DI features an uplight component, resulting in a variety of direct-indirect lighting possibilities.

This fully gasketed, svelte architectural luminaire (only 3.44” wide) comes in wall (horizontal or vertical) or pendant mounting, as well as continuous runs. It is the perfect complement for indoor versions of Beam DI to ensure design consistency throughout a space.

Wet Beam DI offers a choice of satin, frosted, semi spec para louvers or clear polycarbonate lenses. The downlight only version with clear lens accepts an optional integrated louver above the lens for added brightness control. Anti-vandal lens is also offered.

With efficiencies over 75%, Wet Beam DI delivers ample illumination, while remaining well under current lighting power allowances. Integrated Controls options help reduce energy consumption further still.

OPTICS OPTIONS

- S satin lens
- F frosted lens
- AV clear anti-vandal polycarbonate lens
- PL semi-specular parabolic louvers

PHOTOMETRICS

**Wet Beam DI Direct / Indirect**
Lamping: 2xT5 28W
Code: WBDI-F-4-T5-1-1
Efficiency: 76.3%

**Wet Beam DI Indirect**
Lamping: 2xT5HO 54W
Code: WBDI-AV-4-T5HO-2-0
Efficiency: 79.5%

CONSTRUCTION

- **Housing**: Extruded Aluminum (0.062” nominal) up to 70% recycled Content
- **End Cap**: Die Cast Zinc (0.070” nominal)
- **Interior Brackets**: Die Formed Sheet Steel (16 ga)
- **Gaskets**: Moulded Elastomer (0.10” nominal)
- **Lens Gaskets**: Extruded Elastomer (0.10” nominal)
- **Satin Lens**: Extruded Acrylic (0.125” nominal) Satin: 68% trans.
- **Frosted Lens**: Extruded Acrylic (0.125” nominal) Frosted: 85% trans.
- **Anti-vandal Lens**: Extruded Polycarbonate (0.125” nominal) Clear: 90% trans.
- **Louver**: Die formed Semi-Specular Aluminum (22ga) Extruded aluminum (0.060” nominal)

ELECTRICAL

- **Ballast**: Electronic Instant Start, Electronic Rapid Start, Dimming (0-10V, Line, Step, EcoSystem, DALI). With preinstalled ballast disconnect as per NEC & CEC
- **Emergency**: Emergency battery pack or emergency circuit
- **Voltage**: 120V, 277V, 347V, UNV
