Design With Ease

Accent provides easy-to-specify lighting tools.

- Enjoy lighting design freedom through a broad range of Accent luminaire configurations.
- Stand-alone Accent luminaires.
- Option of Sculpt™ linear lens modules and Sculpt ceiling kits.

Innovation to support design symmetry.

- Exclusive, patent-pending end-mount innovation and mini driver technology allow the positioning of Accent at the end of runs or in the corner of geometric forms.

Integrated with Sculpt linear - direct lens pendant

**Stand-alone Accent luminaires
Integrated with Sculpt 2'x2' kit pendant**

Integrated with Sculpt™ linear - lens recessed

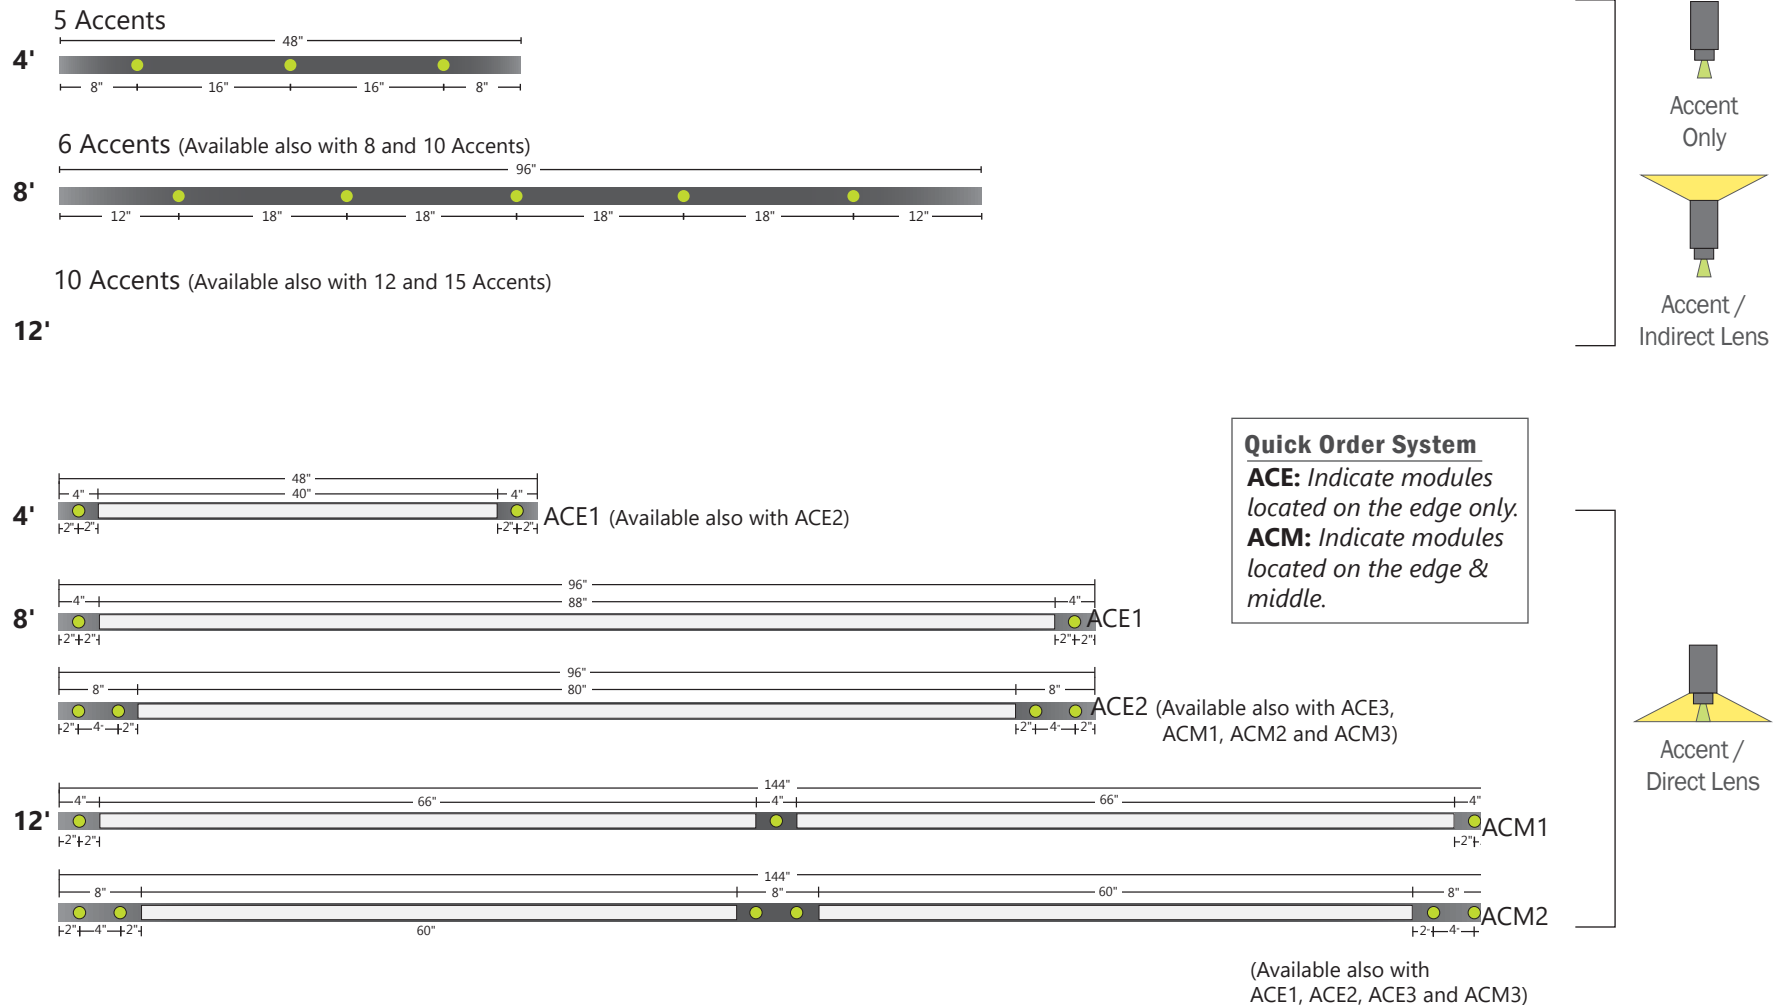

Discreetly dot the ceiling line.

Paired with lensed modules, Accent adds depth by breaking up long lines of light.

Design With Ease

A range of premade combinations to meet various design needs.

About Axis Lighting

Founded in 1991 and still family owned and managed, Axis is an important source for architectural lighting across North America and around the globe.

Over the last decade, the company has exhibited remarkable growth thanks to its commitment to Design Flexibility, Optimal Energy Efficiency and Responsive Customer Care. That leadership effort now extends to developing Innovative Lighting Technologies, such as SurroundLite®, on an ongoing basis.

On the strength of a broad and expanding product line, Axis has successfully completed lighting projects for high-profile clients including Apple, Chrysler, The Empire State Building, Google, Hyundai, Time Warner and McGill University, among many others.

Axis has the drive and the expertise to meet your needs and provide architectural lighting... your way.

We reserve the right to change specifications without notice.
Please consult our website for the most current technical information
and to locate your nearest Axis representative.
